Registration

Your first step in becoming certified to sell Aetna's Medicare products is to **register** on the site. Just follow these few steps and you'll be ready to get started:

- 1) New Users, click **Create a New Account**. Returning users, enter your Username and Password and click **Login**.

The image shows two side-by-side form panels. The left panel, titled 'Sign In', contains fields for 'Username (NPN or Email)' and 'Password', a 'Login' button, and links for 'Forgot your username?' and 'Forgot your password?'. A green arrow points from the 'Returning Users' label to the 'Login' button, and another green arrow points from the 'Forgot your password?' link to the 'Forgot your password?' text. The right panel, titled 'Registration', contains the text 'New users, click here to register.' and a 'Create a New Account' button. A green arrow points from the 'New Users' label to the 'Create a New Account' button.

Please note, all returning users will need to request a password reset upon first access to our training portal after 5/10/2021 due to updated password requirements. You can request this password reset using the **Forgot you password?** hyperlink, and then providing either your username (usually your NPN) or the email address that is on file within our certification portal.

The image shows a password reset search form. At the top, it says: 'Your details must first be found in the user database. Please enter your username (this is your NPN if you have one, or your email address if you don't have an NPN) or email address in your user profile in the appropriate section below. To ensure you receive emails from the site, please add aetna@cmpsystem.com to your contacts or email approved senders list.' Below this, there are two sections: 'Search by username' with a 'Username' input field and a 'Search' button, and 'Search by email address' with an 'Email address' input field, a 'Search' button, and a 'Cancel' button. Green arrows point to the 'Username' and 'Email address' input fields.

If you require assistance, the Broker Services may be reached at 1-866-714-9301 Monday-Friday 8am to 8pm Eastern or by email at brokersupport@aetna.com.

2) Alert the system if you are an Aetna employee or Front Runner:

- **Aetna employees:** add your Aetna ID number into the text box and click **Submit**
- **2021 Individual Medicare Front Runners:** add your NPN into the text box and click **Submit**
- **Access Code Users:** add your upline provided Aetna certification access code (if applicable) and click **Submit**
- **All other users:** leave the text box empty and click **Continue Producer Registration**

2022 Individual Core Medicare Requirements

In this section we'll explore Aetna's Code of Conduct. You'll find out what compliance means to us and how to report non-compliance. You'll learn to use the Aetna Producer Guide. And, you'll see how important the guide is – it has everything you'll need to do business with us.

2022 Individual Core Certification - Mastery Test

The information you've read prepares you to comply with our Code of Conduct and follow the processes outlined in the Aetna Producer Guide. Now you can test your knowledge. You'll use the Producer Guide to answer the 25 questions on the test. You have to score 90% or better to pass.
Note: Simply closing the exam window does not count as an attempt/ submission. If you close the window, your answers will not be saved and you will need to re-start the exam.

2022 Individual Medicare Producer Certification Survey

C

Your certification experience has a direct link to your ability to sell Aetna/Coventry Medicare products. We want to be sure that you are getting what you need through the certification. Please take a few minutes to complete this short survey.

Restricted Not available unless: The activity 2022 Aetna Individual MA/MAPD is complete and passed

- A. Aetna certification requires that you complete AHIP Medicare training before taking the Aetna training. If you have already completed that training as part of another certification, this will be marked as complete here as well.
- B. You'll walk through the certification process one step at a time. Once you complete a step, the next section becomes available to you.
- C. You're asked to fill out a short survey about your certification experience. The survey is locked until all sections are complete, but is **not** part of the certification requirements. You can obtain your certification without filling out the survey.

So now that you're familiar with the layout of the certification, how do you get started?

Simply click on a blue course title to access the training materials for that section. If a course is showing as restricted, it cannot be accessed until all prerequisites are complete.

Course tips

Your certification has two types of sections: training courses and mastery tests. When you click on the section title, the training course or mastery test begins. Here are some tips to help you get the most out of your training time.

Training courses

Use the forward and back buttons to move through the training courses. You can also use the menu on the left to go back to any of the pages that you've already seen.

The screenshot shows the Aetna Medicare Solutions training course interface. On the left is a 'Menu' sidebar with a tree view of course topics. A green arrow points to 'Navigational Instructions' in the menu. The main content area is titled '2021 Individual Core Medicare Requirements' and 'Introduction'. It contains text about moving through the course and navigation instructions. A diagram shows a purple box with left and right arrows, with 'BACK' and 'FORWARD' labels and arrows pointing to them. Another 'ADVANCE' label points to the right arrow. At the bottom, a purple footer bar shows '2021 Individual Core Medicare Requirements' and 'Page 2 of 22'. A green box highlights the navigation arrows in the footer, with a green arrow pointing to them from the right. Below the footer is a media player with a play button and a progress bar.

You will only be able to advance to the next slide once all required conditions on the current slide are met. Courses include recorded audio. Please view with sound turned on or follow along with the closed captioning or downloadable transcript available for each course.

When you get to the end of a training course, you can review the course, or you can navigate using the Return to main training button, or Next step button located above the training screen.

Mastery tests

You'll want to be sure that you understand each training course. This is done by taking the mastery test.

It's so important that you understand this information that you'll need to get a score of **90%** or better on the mastery test. Once you get a passing score, the test is marked complete on your certification.

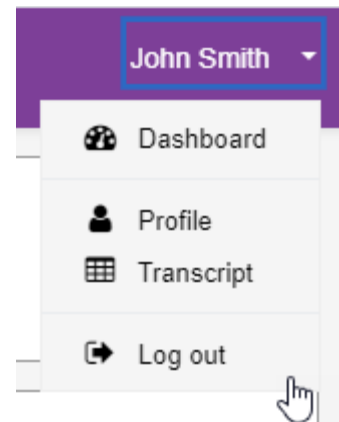

You have **three** attempts to pass each mastery test.

If you leave the test before you finish, your answers will not be saved and you will have to start the test over from the beginning. However, you will not be charged an attempt.

Profile updates

When you register on the site, you record details about yourself and the certification you want to complete.

You can change any of those details by selecting your name in the top right corner, and then selecting **Profile** from the dropdown box.
